Assistant Commissioner for Patents
Washington, D.C. 20231

Honorable Sir:

**DECLARATION AND POWER OF ATTORNEY
FOR A UNITED STATES PATENT APPLICATION**

As a below-named inventor, I hereby declare:

My residence, post office address and citizenship are as stated below next to my name. I believe I am an original, first and JOINT inventor of the subject matter which is claimed and for which a patent is sought on the invention titled **METHODS AND COMPOSITIONS FOR PROVIDING GLUTAMINE**, which was filed on October 9, 2001 and assigned serial no. 09/973,105.

I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claims.

I acknowledge a duty to disclose to the Patent and Trademark Office all information known to me to be material to patentability as defined in Title 37, Code of Federal Regulations, §1.56.

Claim to benefit of foreign application(s) as follows:

I hereby claim foreign priority benefits under Title 35 U.S.C. §119 (a)-(d) or §365(b) of any foreign application(s) for patent or inventors certificate, or §365(a) of any PCT international application which designated at least one country other than the United States of America, listed below and have also identified below any foreign application for patent or inventor's certificate, or any PCT international application having a filing date before that of the application on which priority is claimed.

NONE

Claim to benefit of earlier U.S. application(s) as follows:

I hereby claim the benefit under Title 35 U.S.C. §120 of the following earlier filed United States patent applications, or under §365(c) of any PCT international application designating the United States of America, listed below and insofar as the subject matter of each of the claims of this application is not disclosed in the prior U.S. or PCT international applications in the manner required by the first paragraph of Title 35 U.S.C. §112.1, I acknowledge a duty to disclose to the Patent and Trademark Office all information known to me to be material to patentability as defined in Title 37 C.F.R. §1.56 which became available
